Dream in Green Eco-Summit

by Sofia Alvarez and Karina Cruz

On Friday, April 20th ACSW had its very first Eco-Summit. Students created terrific projects for our invention convention made from recyclable materials. ACSW Tiger families came to see the projects, as well as listen to the top two students from each class present their design in the Tiger Tank. "My favorite part was watching everyone present their cool inventions," said, Malakai. We even had a special guest, a STEM Designation Committee member which visited our school earlier that week. We are currently waiting for the results of the STEM designation visit. Congratulations again to all the students for learning how to reuse, reduce, and recycle materials into something new.

Teacher of the Month

by Isabella Gonzalez and Angelica Perez

Congratulations to our April Teacher of the Month Mrs. Fonseca. She was awarded teacher of the month because of her hard work, dedication, and passion for her job. Mrs. Fonseca graduated from Florida International University and joined our AcadeMir family a few years ago. She did not expect to be the teacher of the month, but it feels very rewarding, and it has motivated her to continue doing her best. Congratulations Mrs. Fonseca. We are very happy for you.

Robotics

by Isabella Graña and Hayley Hernandez

On April 29th our Robotics team will leave to the VEX Worlds Competition in Kentucky. They will compete with teams around the world to show their skills in mathematics, and engineering. "I am excited about the competition because it is one of the most important competitions of the year!" says, Hayley a Robotics team member. They have worked very hard to raise money, and we ask that you, please continue to help them by donating to their GoFundMe page.

Earth Day

by Emily Lopez and Alexandra Novoa

April is Earth month, and at AcadeMir Charter School West we try our best to protect our Earth. We asked some ACSW Tigers what they do to conserve energy and water. Here is what they shared with us.

"I recycle papers and plastic"

-Emily Brind

"I pick up garbage from the beach"

-Zoe Castillo

"I save water by reducing my shower time"

-Mrs. Nunez

"I turn off water when not in use"

-Sidney Martinek

"I walk to stop pollution and global warming"

-Sebastian Correa
