

The Tiger Times

March 2019

Volume 8- Issue 7

Welcome to Our House!

By: Sophia Fanjul

On Saturday, February 16, 2019 ACSW hosted its first ever Robotics competition. The competition went off without a hitch! The event was amazing and very well organized. ACSW would like to thank all the amazing Robotics parents, staff, and volunteers from whom we received tons of support. All four of our Robotics Teams performed very well, and we know that our ACSW Robotics Teams are ready for the upcoming States Championship Competition on March 3, 2019.

Teach Hope!

On Sunday, February 24, 2019, our Student Council and National Honor Society members in cooperation with teachHope walked the streets of Downtown Miami feeding the homeless and offering them bags of hope. We have a deep appreciation for all the students, families, staff, and teachHope for allowing ACSW to give back to the community. Thank you, Mrs. Ortiz and Mrs. Fonseca for spearheading such an amazing project. Please visit @teachhope70x7 on Instagram to learn more about this wonderful organization and their great cause.

Robotics

By: Melissa Infante & Camila Galvis

In the month of February, our ACSW Robotics teams competed at three different schools. Our Robotics teams competed at our very own Academir Charter School West, our sister school, Academir Charter Preparatory, and St. Thomas University. At ACSW our teams placed 3rd overall, at ACSP, team 14880D placed 1st overall, and at St. Thomas University our teams placed 2nd overall. On Sunday, March 3rd, our teams are competing at the States Robotics Competition hosted at Braddock Senior High School.

We're ready for States, and now we will work towards qualifying for the World's Robotics Competition. States, here we come! Come out and support our Robotics Team!

Teacher of the Month

By: Sophia Fanjul

Congratulations to the Teacher of the Month for February, Mrs. Ortega!

"It feels great to be appreciated by the teachers and staff of our school. I encourage teachers to put 100% effort into everything we do for our students."

-Mrs. Ortega

Special Recognition

Congratulations to 5th grader, Natalia Travieso, for winning the Ninja 3D Engineering Award! Natalia was invited to the 3DChimer Headquarters to improve her science project and work with their engineering team. We are extremely proud of this young Tiger, who is soaring to new heights in S.T.E.M. Education.

Summer Camp

"Aloha, everyone! Register for Summer Camp today! Special prices are available until April 5th, 2019."

Heifer International Milk Money Program

By: Gabriella Moran

ACSW is participating in the Heifer International Milk Money Program. Through this program, students can have the chance to bring happy and healthy futures to kids in Tanzania. By participating in the milk money project, students will develop a better understanding of daily struggles children face in the developing world. A daily serving of milk provides high-quality protein, vitamins, and nutrients needed for healthy minds and bodies. Through the Heifer International Milk Money Program, students can give the gift of good nutrition to children in need. ACSW will be collecting money through Friday, March 15, 2019. NO amount of money is too small!

March STEM Riddle

By: Gabriella Moran

How far is
March to
June?

Submit your answer to Mrs. Fonseca in room 25 by Thursday, March 21st for a chance to win a prize.

Dream in Green

By: Sophia Fanjul

Third grade has done an amazing job with vertical gardens in the month of February. In designing a vertical garden, third grade will help us learn how to save space. These vertical gardens can be placed in classrooms or in the school garden. In the month of March, we will be creating them.
